International Scientific Conference

***New trends in Food safety and quality
(NIFSA 2019)***

1st Announcement

12-14 June 2019

Dear Participants of the Conference,

We are pleased to invite you to participate in 2nd International Scientific Conference 'New trends in Food safety and quality' (NIFSA 2019). The Conference will take place in Kaunas (Lithuania) from 12 to 14 June 2019.

The conference is organized along two transdisciplinary tracks:

1. *Sustainable growing technologies and methods used for the improvement of food raw materials.*
2. *Innovative and perspective raw materials and food products (agriculture and forestry resources for food).*

With pleasure we'd like to invite you as foreign specialists to take part in the Conference and give presentations during the Conference (English is an official language of the Conference). Abstracts will be published.

It is a pleasure for us to welcome you at Vytautas Magnus University Agriculture Academy, which is developing due to the challenges of smart growth and bio-economy. The Agriculture Academy is becoming more and more advanced in science and more open to society for cooperation and sharing knowledge.

The Mission of Agriculture Academy reveals our main aspiration: to develop and disseminate scientific knowledge and sincerely strive for safe and healthy food and full-fledged living environment for all citizens.

We are able to do more „step by step” with global changes and innovations by sharing innovative ideas, experience and results of our researches.
