

List of Dissertation Topics and Possible Supervisors in Mechanical Engineering Sciences Field

Dissertation Topic	Institution	Supervisors
Estimation the rational shape of working surface of the fertilizer spreading mechanism for spreading the organic granular fertilizers	VMU AA	Prof. dr. Eglė Jotautienė
Analysis of combine harvester technological processes and their influence on grain yield losses	VMU AA	Prof. dr. Dainius Steponavičius
Tribological research and application of composites from plant waste	VMU AA	Prof. dr. Juozas Padgurskas
Modeling and experimental research on the machining of wood-plastic composites (WPCs)	VMU AA	Prof. dr. Vytenis Jankauskas
