

## BIOEASTsUP training for Industrial stakeholders

Would you like to get some knowledge about bioeconomy related business models, sustainable biomass valorization, and modern biorefinery concepts?

Register for our **FREE**, 2-day online training to develop your own sustainable business models

### About the training

The aim of the training is to demonstrate the potential of bioeconomy, to engage these stakeholders in lively discussions, improve their business strategies and visions in order to further strengthen and upscale the bio-based sectors.

The training will help businesses to make knowledge-based decisions about the adaptation of new innovative solutions to develop their own sustainable business models taking into account sustainability considerations (economic, environmental and social).

### Date and time

You can choose from one of the following dates:

20-21 April 2021

13-14 May 2021

18-19 May 2021
