

The payment for document registration

Under the Rector's order No. 161 of April 5, 2023, a registration payment is required when submitting the application and enrolment documents for doctoral studies:

- **40 €** for EU citizens;
- **100 €** for Non-EU citizens.

The consideration of the enrolment documents and the enrolment procedures begin with the university obtainment of **the copy of the document registration payment cheque** together with the other documents.

The payment for document registration could be paid by another legal or natural person instead of the entrant, but it is necessary to correctly indicate the payment information - the payer and the name of the payment.

After the application for permission to participate in the entrance contest for doctoral studies has been registered, the payment for the document registration is not refundable.

The requisites to be indicated in the payment cheque:
