

GUIDELINES ON PUBLICATION OF THE ARTICLES BY THE CONFERENCE SPEAKERS

We kindly invite the speakers of the 21st young scientist conference YOUNG SCIENTIST 2024 (11 April 2024) to publish the articles based on their presentations in the proceedings of the YOUNG SCIENTIST 2024 conference or another science publication of their choice. If you choose to publish the articles in another scientific journal, e.g., “[Agricultural Sciences \(Žemės ūkio mokslai\)](#)” (publisher: the Lithuanian Academy of Sciences and VMU Agriculture Academy), “[Agricultural engineering](#)” (publisher: VMU Agriculture Academy), you need to consider the requirements applied by the journals to the authors of articles.

If you choose to submit your article for the proceedings of the **YOUNG SCIENTIST 2024** conference, please use the [article template \(Annex 1\)](#). Article volume: ~4 to 5 full A4 pages. Article languages: Lithuanian or English. Deadline for submission of the electronic version (Pavardė_Vardas.docx) of the article (the link to upload the article will be available soon): 8 March 2024.

If you have any questions about article publication, please feel free to contact the section coordinators:

Conference topics	Subtopics	Section coordinator	Contact: email
Bioeconomy	Accounting and finance: challenges and opportunities	Assoc. prof. dr. Erika Besusparienė	erika.besuspariene@vdu.lt
	Bioeconomy, sustainability of agriculture and food sector	Assoc. prof. dr. Anastasija Novikova	anastasija.novikova@vdu.lt
	Innovations and solutions in business logistics		
	Management of agri-business and other bioeconomy business organizations		
	Sustainable development of rural areas		
Biosystems engineering*	Energy engineering	Assoc. prof. dr. Audrius Žunda	audrius.zunda@vdu.lt
	Mechanical engineering	Assoc. prof. dr. Egidijus Kasiulis	egidijus.kasiulis@vdu.lt
	Technology engineering		
	Transport engineering		
	Land management		
Sustainability of agricultural,	Water engineering		
	Agronomy	PhD student Austėja Švereikaitė	austeja.svereikaite@vdu.lt
	Food quality and safety	PhD student Justina Deveikytė	justina.deveikyte@vdu.lt

forest, and water ecosystems**	Sustainability of agricultural ecosystems		
	Ecosystem services	Dr. Martynas Narмонтas	martynas.narmontas@vdu.lt
	Sustainable forestry		
	Wildlife population management		

* — speakers under this topic are eligible to submit their publications to scientific journal „[Agricultural engineering](#)“; the requirements applied by the journals to the authors of articles need to be considered.

** - speakers under this topic are eligible to submit their publications to scientific journal „[Žemės ūkio mokslai](#)“; the requirements applied by the journals to the authors of articles need to be considered.

For the purpose of quality assurance, the articles will be peer-reviewed by a researcher at the VMU Agriculture Academy specializing in the same or similar research topics. The peer-reviewers of the proceedings for this conference will be appointed by the Editorial Board. Full liability for the information contained in the article shall be held by the respective authors (**Annex 2. Authors guarantee letter**) signed by the authors of the piece of work submitted for print shall be submitted together with the article).
